No. 1.—In connexion with the selection of Indian candidates for admission to the Royal Military College, Sandhurst, with a view to their qualifying for King's Commissions in the Indian Army, it is proposed to hold an entrance examination in Simla on the 5th May 1924, for the term commencing at Sandhurst in September 1924. There will also be nominations of Indian Cadets to King's India Cadetships. The following information is published for the use of intending candidates :—

For Sandhurst.

(1) Candidates must be between the ages of 18 and 20 on the 1st July 1924 and must state their age *definitely*.

(2) Candidates are required to furnish a declaration which must be signed by their parents or guardians, to the effect that it is their intention to make the Army their permanent profession.

(3) Candidates must be prepared to pass a qualifying examination the detailed syllabus of which is printed as an appendix to this notification. The general educational standard required is that prescribed for the diploma of the Chief's Colleges, a school-leaving certificate recognized by a Local Government, the Matriculation examination of an incorporated University or any higher examination.

(4) Candidates will, in addition, undergo a special test consisting of an oral examination conducted on similar lines to the Admiralty Test for the Royal Naval College. This examination which is designed to test the intelligence and general knowledge of candidates will be conducted by a Board of officers.

(5) A medical examination, according to the standard laid down in Appendix 16 of the Regulations for the Army Medical Service, 1908, will also be held in Simla. Candidates should attach to their applications a medical certificate from a *competent medical officer* to the effect that they come up to the standard mentioned above.

(6) The cost of a first-class railway fare from their homes and back will be granted to candidates attending the medical and qualifying examinations in Simla.

Candidates finally nominated to join the Royal Military College, Sandhurst, will also receive the cost of one first-class fare from their residence to the port of embarkation, in India, and a first-class passage by sea to England.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras.

Passages by sea for candidates selected for admission to the college will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

(7) The ordinary fees for cadets at the Royal Military College, Sandhurst, for two years are as follows :—

(8) The sum for sundries includes additional expenses during the vacations, such as travelling and entertainments. The expenses of cadets will as far as possible be kept within the above limits, but the parents or guardians of cadets must be prepared to pay any excess over these amounts.

(9) The above estimate does not provide for European kit on arrival in England other than the amount required for college uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided. Neither does this estimate include anything for the cost of outfit on being commissioned from the college.

(10) The Local Government will recover from parents or guardians punctually in advance at the beginning of each year of the Sandhurst course one-half of the total estimated expenditure for two years and pay it into the local Treasury with full details in each case and with instructions that the credits should be passed to the Secretary of State for India through the outward London Account Current. No cadet will be allowed to pursue a term at the College until the fees for that term have been paid.

(11) An allowance of 4s. a day, in aid of the expenses of messing, washing, and other contingencies, will be admitted as a charge against the public for each cadet so long as he is in residence at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

(12) If a cadet is absent a whole term in consequence of rustication, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

(13) If a cadet is rusticated or removed during a term, his daily allowance shall cease from the date of such rustication or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

(14) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be issued and credited to his account. In exceptional cases a refund of the contribution for the period of absence, may be authorized by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

(15) Indians selected for cadetships will be subject to such rules and regulations as are, or may be, from time to time, established for the maintenance of good order and discipline at the college.

They will, while at the Royal Military College, belong to the ordinary College Mess and no special messing arrangements can be made on their behalf.

Indian cadets are required to appear at all times in the uniform of the college except when on leave or when otherwise exempted by the Commandant, but they will be allowed to wear their national head dress should they so desire.

They will not be allowed to take servants or personal attendants of any kind to the college.

(16) One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

(17) The normal length of the course of instruction will be about two years divided into four terms. The college terms will be—

Spring term.—From about beginning of February to about middle of July.

Autumn term.—From about beginning of September to about middle of December.

The intervening periods will constitute the vacations.

(18) Cadets from India will have to qualify in the ordinary passing out examination and will, on qualifying, be eligible for King's Commission. Before being passed as fit for a commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army as Second Lieutenants.

(19) Unless a Government building is available, candidates will be provided with private accommodation usually in a hotel at Simla. Candidates will be charged for messing, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will on no account be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

(20) The Private Secretary to His Excellency the Governor of Madras, to whom applications should be made not later than 28th February, will intimate to the selected candidates the fact of their selection. No application received after the 28th February will be considered.

32. Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$k(a+b+c+\ldots)=ka+kb+kc+\ldots,$$
$$(a+b)^2=a^2+2ab+b^2,$$
$$(a-b)^2=a^2-2ab+b^2,$$
$$a^2-b^2=(a+b)(a-b).$$

33. The square on a side of a triangle is greater than, equal to, or less than the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the cases of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

Loci.

34. The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

35. The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

The Circle.

36. A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.

37. There is one circle, and one only, which passes through three given points not in a straight line.

38. In equal circles (or, in the same circle) (i) if two arcs subtend equal angles at the centres, they are equal; (ii) conversely, if two arcs are equal, they subtend equal angles at the centres.

39. In equal circles (or, in the same circle) (i) if two chords are equal they cut off equal arcs; (ii) conversely, if two arcs are equal, the chords of the arcs are equal.

40. Equal chords of a circle are equidistant from the centre, and the converse.

[Section IV.]

The Circle (*continued*).

41. The tangent at any point of a circle and the radius through the point are perpendicular to one another.

42. If two circles touch, the point of contact lies on the straight line through the centres.

43. The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

44. Angles in the same segment of a circle are equal; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie in a circle.

45. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; and the angle in a segment less than a semi-circle is greater than a right angle.

46. The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

47. If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

48. If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

[Section V.]

PROPOSITION: SIMILAR TRIANGLES.

49. If a straight line is drawn parallel to one side of a triangle the other two sides are divided proportionally; and the converse.

50. If two triangles are equiangular, their corresponding sides are proportional; and the converse.

51. If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

52. The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the exterior bisector externally.

53. The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

Fort St. George, January 22, 1924.

No. 44.—The following Press Communiqué, dated 26th November 1923, is published:—

It has been brought to the notice of the Government by the Military authorities that considerable difficulty is being experienced in obtaining men to transfer to the Active Reserve "A" class, the reason being that employers of labour have no use for men who are required to leave them for a month in the year. The Government hope that employers will not allow the fact that a man has joined the active reserve to prevent their giving him employment.

HOME DEPARTMENT.

Establishments.

Delhi, the 19th January 1924.

No. F.-888-22.—The following rules relating to premature retirement on proportionate pension, which were made on the 15th January 1921, by the Secretary of State in Council, in virtue of the powers conferred on him by section 96-B (2) and (3) of the Government of India Act, are published for general information.

2. The rules are in the main a reproduction in the form of Statutory rules of existing orders. Apart from modifications and clarifications, the only changes of substance made in these orders are the following:—

(i) It has been made clear that the rules apply to members of the services specified, however and wherever they were appointed, but that previous service in a provincial or subordinate service cannot be counted for proportionate pension by officers promoted from such a service to an all-India service. (Second schedule, paragraph 1.)

(ii) Passage gratuity is made admissible to officers who retired as the result of an application submitted while they were on leave out of India, if their leave commenced before the date of the issue of these rules. After that date passage gratuity will—as was originally intended—be admissible only to an officer whose application is submitted while he is on duty in India. [Rule 3 (2).]

(iii) Provision has been made for the refund by instalments of passage gratuity paid to officers who are subsequently permitted to return to duty. [Rule 11 (3).]

(iv) Conditions have been prescribed under which acceptance of further employment under the Crown may involve suspension or reduction of proportionate pension. (Rule 9.)

(v) The arrangements admissible in respect of family pensions of officers of the Indian Army in civil employ have been prescribed. (Rule 12.)

PREMATURE RETIREMENT ON PROPORTIONATE PENSION.

Rules under section 96-B (2) and (3), Government of India Act.

1. (1) These rules may be called the Premature Retirement Rules.

(2) They shall be deemed to have come into force in respect of officers serving elsewhere than in Burma on the 8th November 1921, and in respect of officers serving in Burma on the 2nd January 1923.

2. Any officer whose active service as a member of one of the services specified in the First Schedule commenced before the 1st January 1920, and who is not permanently employed directly under the Governor General in Council, may be permitted by the Secretary to State in Council to retire under these rules:

Provided that no officer of the Indian Army in civil employ who has not been placed on the supernumerary list, and no officer of the Indian Medical Service who has completed less than 17 years total service, shall be eligible to retire under these rules unless the competent military authorities are unable or unwilling to absorb him in military employment.

3. (1) Every application for such permission shall be addressed in the first instance to the Local Government under which the officer is employed, and shall be accompanied by the following declaration, which shall be signed by the applicant:—

"In view of the changes in the conditions of my service consequent on the Government of India Act, 1919, I desire to retire on the terms set forth in the rules relating to premature retirement."

(2) An application under this rule may be submitted by an officer while he is on leave out of India, and in that case, unless the Local Government considers his return to duty necessary before his application can be considered, the rules shall apply to him in the same manner as if his application had been submitted while on duty:

Provided that an officer who has made an application under this rule while he is on leave out of India and whose application is sanctioned by the Secretary of State in Council before his leave expires shall not, unless his leave commenced before the 16th January 1924, be eligible for the gratuity described in Rule 11, except to the extent admissible under sub-rule (4) of that rule.

4. On receipt of an application the Local Government shall forward it with their recommendations to the Governor General in Council, who shall transmit it with his recommendations to the Secretary of State in Council for orders.

5. An officer who has been permitted by the Secretary of State in Council to retire under these rules, or whose application has been forwarded by the Local Government to the Governor General in Council with a recommendation that his retirement be sanctioned, shall, unless the Local Government sees reason to the contrary, be permitted to avail himself, in anticipation of his retirement, of the full amount of leave which is due to him and which may be granted to him at one time (otherwise than on medical certificate) under the regulations for the time being in force and applicable to him:

Provided that if the Local Government considers that leave in anticipation of retirement should not be granted, or that less than the full amount of leave available under regulations for the time being in force should be granted, the proposal to withhold or reduce the leave applied for shall be submitted with the reasons therefor for the orders of the Secretary of State in Council.

6. (1) The Local Government shall have discretion to fix the date on which leave granted under Rule 5 shall commence:

Provided that an officer who has been granted by the Secretary of State in Council permission to retire under these rules shall not be detained in India beyond the date on which he desires to leave unless his detention cannot be avoided without prejudice to the public interest.

(2) If the Local Government considers that suitable arrangements cannot be made for the relief of any officer at the date on which he desires to proceed on leave preparatory to retirement under these rules, it may, when forwarding his application to the Governor-General in Council, recommend that the Secretary of State in Council should postpone the grant of permission and in that case shall specify the period during which such postponement should extend.

7. An officer who has submitted an application for permission to retire under these rules, and has been granted leave under Rule 5, shall not be at liberty to cancel his application and to return to duty without the consent of the Local Government under which he was employed.

8. (1) An officer who has submitted an application for permission to retire under these rules may be permitted to take up other employment during the currency of his leave preparatory to retirement.

(2) Such permission may be granted by the Governor General in Council if the proposed employment lies in India, and by the Secretary of State in Council if the proposed employment lies elsewhere than in India:

Provided that an officer who has been granted permission to take up employment under this rule shall be precluded, save with the specific consent of the Secretary of State in Council, from withdrawing his request for permission to retire and from returning to duty in India.

(3) The Secretary of State in Council and the Governor-General in Council, as the case may be, hereby reserve to themselves the right to withhold permission to take up employment under this rule in cases where the employment appears to them to be such as could not with propriety be held by a person who is still in the service of the Crown in India; or, alternatively, to grant the desired permission in any such case subject to such conditions or restrictions as they may think necessary.

9. (1) The right of any officer to receive or retain a pension under the provisions of these rules is subject to the right of the Secretary of State in Council—

(a) to reduce or withhold any pension, if the past service of the applicant is not approved, or if the pensioner after retirement is convicted of serious crime or is guilty of grave misconduct; and

(b) in cases where an officer returns, prior to, or within two years from, the date of his retirement under these rules, other employment under the Crown, to suspend payment, wholly or in part, while the officer continues to be employed under the Crown, of the proportionate pension admissible under these rules.

(2) In cases where a proportionate pension is suspended wholly or in part under clause (b) of the preceding sub-rule, the services of the officer shall be transferred to the authority under which he is so to be employed, on the understanding that on the termination of his employment under the Crown he shall have the option of receiving either (i) a pension in respect of his total service calculated under the rules made by the Treasury under section 7 (1), Superannuation Act, 1909, or (ii) a proportionate pension under these rules in respect of his Indian service together with such pension or pensionary award (if any) as he may earn under the rules of the authority re-employing him, in respect of his services under that authority:

Provided that if the department employing the officer does not consent to a pension calculated under the said Treasury Rules, or if the said Treasury Rules are inapplicable, the services of the officer shall be transferred on the understanding stated in the second alternative in the preceding paragraph.

(3) For the purposes of this rule, the expression "employment under the Crown" shall be deemed to include employment under the Government of Crown Colonies, Protectorates, and territories mandated to the British Government, but does not include employment under the Government of a self-governing Dominion or a State in India, or under a Local Authority.

(4) A proportionate pension shall not be liable to suspension either wholly or in part under sub-rule (1) (b) of this rule unless the proportionate pension, when combined with the initial pay of the officer in his new appointment, would exceed the initial pay which he might have received under Rule 51 of the Fundamental Rules if his new employment had been on deputation from India.

10. Subject to the provisions of Rule 9, an officer who is granted by the Secretary of State in Council permission to retire under these rules shall be entitled, if he has completed less than five years' total service, to a gratuity equal to one months' pay (at the rate drawn by the applicant while last on duty before his retirement), multiplied by the number of completed months of total service at the officer's credit and divided by 12, and converted at the rate of 1s. 6d. per rupee; and, if he has completed five years' total service, to a pension of the amounts shown in the Second Schedule.

11. (1) In addition to the pension or gratuity referred to in Rule 10, any officer who has been permitted to retire under these rules (other than an officer who is entitled to the pension specified in the Second Schedule as the maximum pension admissible under the rules for the service to which he belongs, and where more than one method of calculating the pension is prescribed, for the method of calculation of the pension actually adopted) and who proceeds on retirement or on leave preparatory to retirement to some part of the British Empire intending to settle there permanently, shall, subject to the provisions of Rule 3 (2), be entitled to receive a gratuity equal to the cost of first-class fares and passages from the last place of his employment in India to his destination for himself, and for his wife and children if they were in India at the time of his proceeding on leave preparatory to retirement.

(2) For purposes of payment of this gratuity to officers proceeding to or via the United Kingdom, first-class fares and passages, in the case of officers last employed in India, excluding Burma, shall be first class steamer or railway fares to Bombay *plus* cost of first-class passage at B rates by the P. and O. Steam Navigation Company to London (all sea route); and in the case of officers last employed in Burma, first-class railway or steamer fares to Rangoon *plus* cost of first-class passage by the Bibby Line to London (all sea route); and, in both cases, railway fares from London to destination. These rates are payable irrespective of the line or class by which an officer or his family travels.

(3) Payment of the gratuity (excluding that portion representing railway fares from London, which shall be paid by the High Commissioner) shall be made by the Local Government concerned before the officer leaves India.

(4) A Local Government may at its discretion sanction the payment of a gratuity calculated as in sub-rules (2) and (3) of this rule but excluding the fares and passages of the officer his wife, to the families of officers who are obliged by sickness or analogous reasons to leave later than the officer himself, or in advance of the officer but subsequent to the submission of his application to retire.

(5) An officer who applies in India for permission to retire and who is permitted to leave India in anticipation of the sanction of the Secretary of State in Council is eligible for the gratuity. In such cases, if the officer proceeds to the United Kingdom, the Local Government shall authorise the High Commissioner to make payment.

(6) Officers who apply to retire while on leave in England and whose families are in India at the time when their retirement was sanctioned by the Secretary of State in Council, shall receive a portion of the gratuity equal to the cost of first-class railway fares and passages for their families when the latter leave India.

(7) In no case shall gratuity or any portion thereof be payable until the Secretary of State in Council has sanctioned the officer's retirement under these rules.

(8) The gratuity paid to an officer under this rule shall, in the event of his being permitted to return to duty in India, be refunded. Such refunds may be made by deductions of 24 equal monthly instalments from the officer's pay-bill, commencing with the first pay-bill drawn after return.

12. (1) A member of the Indian Civil Service who retires under these rules may adopt at his option any one of the three following methods of retaining for his wife and children benefits admissible under the Indian Civil Service Family Pension Regulations, namely:—

(*a*) He may cease to make any contributions and payments under the regulations, and shall then retain only the right to a proportion of the contingent benefits under the regulations for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 35, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.

(*b*) He may continue up to his 61st birthday to make contributions under the regulations at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the regulations, according to his class on the date of his retirement, for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative subscriptions will be payable under the ordinary regulations for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until the age of 61.

(*c*) He may continue up to the 61st birthday to make contributions and payments under the regulations at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the regulations as if he had remained in the service until death or retirement with an ordinary pension.

(2) The Secretary of State in Council shall make good to the Indian Civil Service Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule.

13. (1) An officer of the Indian Army or of the Indian Medical Service who retires under these rules may select any one of the three following options with regard to his subscriptions under the Indian Military Service Family Pension Regulations or to the Indian Military Widows' and Orphans' Fund:—

(*a*) He may continue to subscribe at the half rate of subscription under article 28 of the Indian Military Service Family Pension Regulations or rule 32 of the Indian Military Widows' and Orphans' Fund; or if a married subscriber under the Indian Military Service Family Pension Regulations, he may withdraw, receiving the refund authorized by article 28. If he continues to subscribe he will retain the same rights to contingent benefits from the funds as if he had retired under the ordinary rules.

(*b*) He may cease to make any payments under the regulations except in so far as is provided by the last sentence of this clause and shall then retain the right to continuance of benefits at rates admissible under the regulations to the widow and children of an officer of the class in which he belonged at the date of retirement for his wife and children existing at that date and for any children subsequently born to that wife. Under this alternative any donation payable under the ordinary rules for any child born after retirement must, however, be paid by the officer if he desires to retain any right to contingent benefits for any such child.

(*c*) He may continue up to his 55th birthday to make payments under the Regulations at the full rates applicable to the class which he would have attained had he remained in the service until that date, and thereafter at half rates according to the class in which he is then subscribing. Any donation becoming due after age 55 will be payable in full as in the case of ordinary retirements. His wife and children will in this case be eligible for the full benefits appropriate to the class in which he is subscribing at the date of death.

(2) The Secretary of State in Council shall make good to the Indian Military Service Family Pension Scheme or the Indian Military Widows' and Orphans' Fund, as the case may be, any loss which may be estimated to be thrown upon them by the operation of this rule.

(3) The family of a military officer or of an officer of the Indian Medical Service who retires under these Rules shall retain their contingent rights to pensions under the Royal Warrant if the officer had on retirement completed 20 years' service. If such an officer is permitted to retire under these Rules after completing less than 20 years' service, the Secretary of State in Council shall, on the death of the officer, grant, subject to conditions identical with those laid down in the Royal Warrant (other than the condition requiring an officer to have completed 20 years' service in order to entitle his widow or children to pensions)—

to his widow, a yearly pension of 7*l.* divided by 20 and multiplied by a figure corresponding to the number of years' total service completed by the officer at the date of his retirement; and

to each child, a pension of 1*l.* divided by 20 and multiplied by a figure as aforesaid, or, in the case of a motherless child, a pension of 2*l.* divided by 20 and multiplied by a figure as aforesaid.

14. An officer awarded a proportionate pension may be permitted to commute a portion of his pension, not exceeding one-third of the whole, unless in the opinion of the sanctioning authority (the Local Government under which the officer was last employed for an officer who draws his pension directly or indirectly from Indian Treasuries, and the High Commissioner in all other cases) there are exceptional reasons for refusing sanction to the application in whole or in part. If the sanctioning authority considers that such reasons exist, the case shall be referred for the decision of the Secretary of State in Council.

15. An officer in Europe desirous of commuting shall make application in writing to the High Commissioner for India, stating his desire so to commute, and furnishing information as to his age and the reasons on which he bases his request. Permission to commute in sterling will not ordinarily be granted by the High Commissioner to an officer residing only temporarily out of India. Commutation in his case will ordinarily be dealt with by the authorities in India.

16. If the High Commissioner for India approves the commutation, the officer shall be so informed and his application shall be referred to the Medical Board at the India Office.

17. The Board shall require the officer to give such information as to his health and habits as is usual in the case of persons proposing to secure their lives in assurance companies, and he shall be required to submit himself for personal examination by the Board at the India Office.

18. An officer residing in a Dominion or Colony (other than those whose accounts are adjusted direct with Indian Treasuries) and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe, except that he shall apply to the High Commissioner for India through the official from whom he draws his pension. If the application is approved the officer shall be informed accordingly, and a special civil medical board will be assembled under the orders of the local Colonial Government.

The Medical Board shall report in the following form :—

"We have carefully examined and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added :—"but as he is suffering his age for purposes of commutation should be taken to be years."

19. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable :—

Age next birthday.	Number of years' purchase.	Age next birthday.	Number of years' purchase.	Age next birthday.	Number of years' purchase.	Age next birthday.	Number of years' purchase.

NOTE 1.—These rates are subject to modification by the Secretary of State in Council from time to time.

NOTE 2.—In order to ensure payment at the rate shown for any specified age, it is essential that the application to commute should reach the High Commissioner's Office, at least one month before the date on which the applicant will attain that age.

20. When commutation has been sanctioned by the High Commissioner the applicant shall be informed accordingly, and shall have the option of withdrawing his application within one week after receiving notice.

21. If the applicant does not withdraw his application within that period, the decision shall be considered final, the commutation of pension shall become absolute, and payment will be made forthwith, payment of the commuted portion of the pension thereupon ceasing.

22. The capitalised sum shall be payable in India if the commutation is effected there; in all other cases it shall be payable in England. When commutation of a sterling pension is effected in India by officers residing temporarily in that country the commutation shall be on the basis of the current rate of exchange, the rate adopted being the rate of exchange for telegraphic transfers from Calcutta on London on the 20th of the month preceding that in which the capitalised sum is paid.

28. The commutation of the proportionate pension of an officer, who draws his pension directly or indirectly from Indian Treasuries shall be governed by the rules contained in the Third Schedule.

SECOND SCHEDULE (*See* Rule 10).

1. (a) The letter 'N' in the following paragraphs shall be deemed to represent the number of years active service in one or more of the services specified in the first schedule, or in a service which has been merged in one of these services or in military employ, at the credit of an officer at the time of his retirement *plus* one-twelfth for each completed month of such service in excess of the completed years:

Provided that previous military service of officers first appointed during or after the Great War to one of the services specified shall not be counted as active service for the purposes of these rules.

Provided further that service rendered by an officer which would not be reckoned as qualifying service in calculating his ordinary retiring pension or gratuity shall not be counted as active service for the purpose of these rules.

(b) Active service shall, for this purpose, be interpreted in the same way as active service for the purpose of pension in Article 9 of the Civil Service Regulations, any leave being treated for the purpose of these rules as privilege leave.

(c) In the case of an officer who, before entering upon service in India, was employed under His Majesty's Government elsewhere than in India, and whose service elsewhere than in India has already been accepted as qualifying for a combined pension under the rules made by the Treasury under section 7 (1), Superannuation Act, 1909, the service elsewhere than in India which counts for such combined pension shall be included in the period of active service.

2. Pensions expressed in rupees in this schedule shall be converted at the minimum rate of 1*s.* 6*d.* per rupee, subject to the conditions stated in Article 930 of the Civil Service Regulations, or to any rule which may be substituted therefor.

3. The pension admissible to an officer who is permitted to retire under these rules shall be as follows.—

(a) To an officer of the Indian Civil Service, £ $\frac{N}{11} \times 1{,}000$, subject to a maximum of 1,000*l.* a year:

Provided that whenever the sum of Rs. 10,666-10-8 exceeds 1,000*l.* in value, that sum shall be substituted for 1,000*l.* in both places where it occurs in this clause, and the pension shall be recalculated accordingly.

THIRD SCHEDULE (*See* Rule 23).

1. (1) The rules contained in this Schedule apply only to pensioners drawing pensions directly or indirectly from Indian Treasuries.

(2) Pensioners residing in Colonies having an account-current with the Accountant-General, Central Revenues, who draw their pensions from the local Treasuries, the amounts being subsequently adjusted in the books of the Accountant-General, Central Revenues, shall be treated for the purposes of these rules as drawing their pension indirectly from Indian Treasuries.

2. Subject to the conditions stated in these rules, a Local Government may sanction the commutation for a lump payment of a portion not exceeding one-third of the proportionate pension which has been or is about to be granted to any officer serving in its jurisdiction.

3. The incidence of the commutation payment shall in all cases follow that of the pension, and the commuted amount shall be made payable at the Treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension transfers himself thereafter to another province, a note shall be made on the Pension Payment Order as to the amount of pension which has been commuted.

4. Application for commutation shall be made in Form A appended to these rules.

5. (*a*) If on consideration of the facts stated in the application the Local Government decides to allow commutation, the applicant shall be required to produce a certificate as to his expectation of life, from a medical officer of standing not lower than that of a Civil Surgeon, District Medical Officer or Presidency Surgeon. The Local Government may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

(*b*) The certifying Surgeon or Board shall subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and shall report in the following form :—

$\frac{I}{We}$ have carefully examined.....and $\frac{am}{are}$ of opinion that he $\frac{is}{are}$ in good bodily health and $\frac{has}{has\ not}$ the prospect of an average duration of life.

$\frac{I}{We}$ therefore $\frac{do}{do\ not}$ recommend compliance with his application to be allowed to capitalize a portion of his pension.

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added :—

"but as he is suffering from.....his age, for purposes of commutation, should be taken to be.....years."

(*c*) The applicant shall himself pay the medical officer's fee for examination except when a second medical opinion is required for the applicant as directed to appear before a Medical Board.

6. The lump sum payable on commutation shall be the amount certified by the Audit Officer to be admissible according to the table of present values appended to this Schedule. The amount may be intimated, at the discretion of the Local Government, to the applicant for definite acceptance or rejection, within a specified period before final sanction to commutation issues.

7. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which shall ordinarily be one month later than the date of the order and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

8. A commutation once applied for, sanctioned and given effect to, shall not be rescinded, that is to say, the portion of a pension commuted shall not be restored on refund of its capitalised value.

9. If a pensioner whose pension has been commuted dies on or after the date from which the commutation is to take effect under Rule 8, but before he receives the commutation value, this value shall be paid to his heirs.

10. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund, and who commutes a portion of his pension before or after such re-employment, the amount which the pensioner is entitled to draw under the rules in Chapter XXI of the Civil Service Regulations shall be the amount to which he would have been entitled under those rules had there been no commutation, less the amount commuted.

Despatch from His Majesty's Secretary of State for India, No. 3-Accounts, dated 14th June 1923.

ENCLOSURES

(1)

Despatch from His Majesty's Secretary of State for India to His Excellency the Right Hon'ble the Governor-General of India in Council, No. 3-Accounts, dated the 14th June 1923.

[Duties transferred to the High Commissioner in connexion with payment of leave allowances of military officers in civil employ.]

With reference to my predecessor's Despatch No. 2-Accounts, dated 10th February 1921, I have to inform you that the experience of the past two years has shewn the necessity of a more exact definition of the duties transferred to the High Commissioner as indicated in the schedule contained in the first paragraph of that Despatch.

2. The second item in the schedule referred to consisted of the leave allowances and deputation pay of military officers in civil employ. Paragraph 3 of the Despatch, however, contained the phrase " officers proceeding on leave or deputation under Civil Service Regulations," and as instances not infrequently occur in which officers under Civil Authority are entitled to leave not under Civil but under Military Rules, some doubt has arisen as to the office in which, according to the terms of the Despatch, their pay should be issued. It will be difficult and may prove impossible to lay down a rule which will entirely eliminate the uncertainty in every case, but in order to avoid confusion it is desirable that the line of demarcation should be made as clear as possible.

3. The obvious method of division would be according to the Authority under which the officer on leave is serving, those under Civil Authority being paid by the High Commissioner, those under Military Authority by the Accountant-General at this office. This method would have the advantage of simplifying the estimates and accounts of Home Expenditure by confining to the accounts of the High Commissioner the record of leave allowance under Civil heads. It would, however, involve certain difficulties in regard to staff, as its adoption would necessitate the presence in the High Commissioner's Accounts Branch of an officer or officers acquainted with Military Regulations; and conversely, as certain officers brought to charge under Military heads take leave under Civil Regulations, a knowledge of those regulations would be necessary in the pay divisions of this office. This overlapping of functions would necessarily tend to prevent economy, and I am, therefore, of opinion that, subject to any criticism you

may wish to offer, the line of division to be adopted should be that determined by the rules under which each officer proceeds on leave, those under Military Rules being paid in this office and those under Civil Rules in the Office of the High Commissioner.

4. I attach a schedule of cases which, though under Military Authority, would, in accordance with the above proposals, be dealt with in the Office of the High Commissioner, and of those which, though under Civil Authority, would be dealt with in this office. The grant of last-pay certificates would be undertaken by the department issuing the pay, which would also correspond where necessary with the appropriate authority in India with regard to any extension of leave, and grant such extensions as might be admissible in accordance with the regulations.

5. If you concur in the above proposals you will no doubt give the necessary instructions to Accounts and other Authorities in India with reference to the despatch to the proper quarter of last-pay certificates and other relevant documents. Pending advice as to your concurrence or dissent, the proposed method of division, which, with slight variations, has been that adopted in practice since the transfer to the High Commissioner of the disbursement of Civil leave allowances, will be maintained.

Sub-Enclosure.

List of cases to be dealt with by High Commissioner, although under the Military Authorities and a Military Charge.

Despatch to His Majesty's Secretary of State for India, No. 25, dated the 25th October 1923.

[*Subject.*—Duties transferred to the High Commissioner in connexion with payment of leave allowances of military officers in civil employ.]

We have the honour to acknowledge the receipt of Your Lordship's despatch No. 8, Accounts, dated 14th June 1923, on the subject noted above.

2. We concur in the proposals made therein, and we are arranging to issue the necessary instructions to Accounts and other authorities in India.

Order—Recorded.

Fort St. George, January 21, 1924 [*G. O. Ms. No.* 30, *Finance* (*Pensions*)].

No. 24.—The following Government Order is published for information :—

The Secretary of State for India in Council has ruled that, if a military officer, while officiating in a qualifying post, is transferred to an appointment of corresponding rank and responsibility in foreign service, the period of such foreign service should count towards an additional pension, provided that it is certified that but for the foreign service he would have continued to officiate in the qualifying post.

(2) The Secretary of State has further decided that a relaxation of the existing rules regarding additional pension so as to allow an officer transferred to foreign service, who would have been likely to have held a qualifying post in an officiating capacity, if he had not been so transferred, to count the period of such foreign service as qualifying for an additional pension, is inadvisable, as it would in practice be very difficult, if not impossible, to decide in any particular case whether an absentee would have been appointed to officiate in qualifying post but for his absence on foreign service.

(3) In future, officers accepting foreign service should clearly understand the possible effect of such acceptance upon their prospects of special additional pension and as no such warning has been given to officers taking foreign service in the past, at any rate prior to the issue of Resolution No. 1276, C.S.E., dated the 27th December 1921, recorded in G.O. No. 16, Finance (Pension), dated 21st January 1922, and the decision in paragraph 2 above may in consequence work harshly in individual cases, the Secretary of State will be willing, as occasion arises, to consider such cases on their merits when there is strong reason for thinking that but for the foreign service an additional pension would have been earned in the ordinary line.

Fort St. George, January 22, 1924 (G O. Mis No. 66, Finance).

No. 25.—The following shall be added as a note under rule 25 of the Madras Travelling Allowance Rules :—

The Inspector General of Registration has been authorized to sanction the payment of actual expenses, not exceeding mileage, to peons attached to Sub-Registry offices in non treasury stations in respect of road journeys of 20 miles and below but not less than five miles performed by them for carrying remittances from the Sub-Registry office to the treasury in cases when the two stations are not served by public conveyance. Such payment should not, however, be made for the return journey.

No. 63.—In G.O. No. 1901, L. & M., dated 28th August 1923, the Government published for general information and criticism a draft of the rules which they proposed to substitute for rules 2, 6, 8 and 9 of the rules for the appointment and punishment of municipal servants. The criticisms received have been considered but the Government see no need to accept any of the suggestions. The revised rules are accordingly confirmed and the requisite notification will be published in the *Fort St. George Gazette* in English. It should be republished in all the District Gazettes in English and in the vernacular.

2. The Senior Translator to Government is requested to furnish the Superintendent, Government Press, with translations of the notification in Tamil, Telugu, Malayalam and Kanarese.

3. It has been suggested that a definite period should be fixed within which appeals should be disposed of. The Government consider that it would be inconvenient to prescribe a time limit in the rules but would exhort the Chairman and the Committee to dispose of all appeals with as little delay as possible.

NOTIFICATION.

In exercise of the powers conferred on them by Sections 73 and 75 of the Madras District Municipalities Act, 1920, the Government are pleased to make the following alterations in the rules relating to the appointment and punishment of municipal servants issued under Notification No. 226 published on pages 138 and 139 of Part I-A of the *Fort St George Gazette*, dated 21st March 1922 :—

Alterations.

For rules 2, 6, 8 and 9 of the rules for the appointment and punishment of municipal servants the following shall be substituted, namely :—

"2. The Chairman shall consult,

(1) The Surgeon-General before appointing in connexion with an allopathic institution any medical officer who is not a Government servant,

(2) The Deputy Inspector of Schools before appointing in an elementary school a master who does not possess the prescribed training or qualifications.

(3) The District Educational Officer before appointing in a secondary school a master not possessing the qualifications prescribed in rule 23 of the Madras Educational Rules.

(4) The Sanitary Engineer before appointing Public Works, Water-works or Drainage officers to posts carrying a maximum salary of not less than Rs. 50.

(5) The District Health Officer, or where there is no such officer, the District Medical and Sanitary Officer, before appointing as vaccinator a person not possessing the prescribed qualifications.

The object of consultation in clauses (2) and (5) is to enable the officer consulted to suggest, if possible, for the consideration of the chairman the names of persons possessing the prescribed qualifications and suitable for appointment.

"8. There shall be no right of appeal against any order of the chairman inflicting a punishment of fine unless the fine or the total amount of fines inflicted on the same individual in one month exceeds one-tenth of the individual's monthly salary.

"8. A municipal officer or servant other than an officer or servant referred to in sections 72 and 77 of the Madras District Municipalities Act, 1920, may appeal against the order of the chairman, reducing, suspending, removing or dismissing him from service to a Standing Committee consisting of three members of the council including the chairman. A second appeal shall lie to Government in the case of an officer or servant whose salary is not less than Rs. 100 per mensem.

Explanation.—(*a*) The reduction of a municipal employee from one permanent appointment to another on lower pay is a dismissal from the higher appointment within the meaning of this rule.

(*b*) The termination of a municipal employee's service by the issue of a month's notice not on the ground that his services are no longer required but on the ground that he has been unsatisfactory in his work or conduct is a dismissal within the meaning of this rule.

(*c*) In the case of employees on probation under municipal councils the termination of their services during the period of probation does not amount to any punishment and there is therefore no right of appeal.

"9. (*a*) The members of the Standing Committee other than the chairman shall be elected by the municipal council in January in each year and shall serve on the Committee for a period of one year commencing from the 1st February following their election.

Fort St. George, January 21, 1924 (G.O. No. 199, L. & M.).

No. 70.—In G.O. No. 1384, L. & M., dated the 18th June 1923, reviewing the statements of outstanding liabilities on 31st March 1923 submitted by local bodies, with reference to G.O. No. 1516, L. & M., dated the 13th August 1921, the Government directed all local bodies to clear off the liabilities speedily so that their credit might not suffer. It is however observed from the returns for the half-year ending the 30th September 1923 that the outstandings on that date were considerably higher than those at the end of the previous half-year. They amounted to a 91 lakhs against 4·92 lakhs in the case of municipalities and 1·27 lakhs against ·46 lakh in the case of district boards.

Of the municipal councils, Guntur had the largest liability (Rs. 1,89,557) chiefly compensation due to Government, on account of the lands acquired for the Industrial school and Park, Trichinopoly came next with a liability of Rs. 99,606 evidently because of its culpable negligence in collecting the heavy outstanding arrears of taxes, Vaniyambadi, Dharapuram, Peddapuram, Rajahmundry, Eluru, Cuddapah, Nellore, Ootacamund, Salem, Kumbakonam, Mayavaram, Negapatam, Tiruvalur and Tinnevelly each had liabilities of over Rs. 10,000. In most of these cases such as Peddapuram, Salem, Negapatam and Tiruvalur, the heavy liabilities can be attributed to slackness in collection work. Of the district boards, Kistna had the largest liability (Rs. 54,347), while South Arcot, Nellore and Trichinopoly each had liabilities of over Rs. 10,000.

2. The Government cannot express too strongly on local bodies the necessity for the prompt payment of all these dues, whether to Government or to private firms or individuals. They have already issued orders in G.O. No. 2804, L. & M., dated the 22nd December 1922, for the adjustment of the amounts due to Government by local bodies from the provincial grants payable to them. As regards amounts due to private firms or individuals, local bodies are again warned that where inordinate and unreasonable delay has occurred in the settlement of a claim, the Government will in suitable cases exercise their controlling powers under section 36 of the Madras District Municipalities Act, 1920, and section 41 of the Madras Local Boards Act, 1920.

3. In submitting their returns for the half-year ending 31st March 1924, such of the local bodies as have outstandings of more than Rs. 10,000 should clearly report how such liabilities came to be accumulated and what steps they have taken or propose to take to clear them off.

4. The returns for the half-year ending 30th September 1923 were due with the Government on or before the 20th October 1923, but several of them were received later. The chairmen of the four municipal councils of Tiruppattur, Udumalpet, Perinkulam and Tanjore and the President, District Board, Salem, have not yet submitted their returns.

5. In spite of the orders in paragraph 3 of G.O. No. 1384, L. & M., dated the 18th June 1923, the chairmen of some municipal councils have omitted to include in their returns the unspent balance of provincial grants refundable to Government. This omission should not occur.

Fort St. George, January 22, 1924.

UNIVERSITY OF MADRAS.

RULES AND DIRECTIONS FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL-LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY.

I. Admission of holders of secondary school-leaving certificates to University courses of study in the academic year 1924-25 and subsequent years shall be made only in accordance with the following rules and directions, which are the same as those in force for the year 1923-24.

II. Such holders only of completed secondary school-leaving certificates may be admitted to University courses of study and registered as matriculates under Regulation 1 of Chapter XVI as (a) had completed not less than 15 years of age on the first day of the month in which the examination qualifying for such certificates is held unless specially exempted from the operation of this age limit by the Syndicate, and (b) have been declared eligible for such admission by the Syndicate.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *Fort St. George Gazette*, and a copy of this list will be furnished to each Principal of a constituent or affiliated college. A certificate-holder not included in one of these lists will not be entitled to registration as a matriculate under Regulation 1 of Chapter XVI except as provided in paragraph VII below.

IV. In the case of certificates issued under the authority of the Government of Madras those holders of certificates who qualify under the following rules will be included in the list of those declared eligible for admission to University courses of study :—

1. Secondary school-leaving certificate-holders shall be eligible for admission to University courses of study whose marks in the Public Examination or whose marks after moderation are

(a) in Group A subjects —

either

(i) in English (as marks above the Presidency average and in each of the other two subjects (except Vernacular Composition and Translation in the case of school pupils who are exempted by the Director of Public Instruction the study of this subject under Group A), not less than the Presidency average ;

or

(ii) of the total marks, in English 40 per cent and in each of the other two subjects (except Vernacular Composition and Translation in the case of school pupils who are exempted by the Director of Public Instruction the study of this subject under Group A), 35 per cent ;

(b) in Group C subjects

either

(i) five marks above the Presidency average in Algebra and Geometry, or Physics, or Chemistry, or English History, and not less than the Presidency average in one other subject ;

or

(ii) of the total marks, 40 per cent in Algebra and Geometry, or Physics, or Chemistry, or English History, and 35 per cent in one other subject.

2. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition or in Elementary Mathematics shall be eligible for admission, provided he obtains excess marks in English and the other subject of Group A taken together equal in number to twice the number of marks by which he is deficient in the subject in which he fails.

A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition *and* in Elementary Mathematics shall be eligible for admission, provided he obtains excess marks in English equal in number to twice the total number of marks by which he is deficient in the two other subjects.

3. A secondary school leaving certificate-holder who qualifies in one of the four selected subjects in Group C but who fails to qualify in a second subject of that group shall be eligible for admission, provided that in the former subject he obtains excess marks equal in number to twice the number of marks by which he is deficient in the latter subject.

4. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition, or Elementary Mathematics, or in both, and also in a second subject of Group C may be declared eligible for admission, provided that he obtains excess marks as above both in the other subject or subjects in Group A and in one of the four selected subjects of Group C.

5. The eligibility of a school-leaving certificate-holder will be determined for each Group of subjects separately, by the test of Presidency averages or fixed percentages throughout, or by the test of Presidency averages in Group A and fixed percentages in Group C, or *vice versa*.

6. A secondary school-leaving certificate-holder who fails to qualify under the preceding rules by reason of deficiency of marks

(a) *in one subject only*—

will be declared eligible for admission,

If the deficiency of marks is not more than one mark, irrespective of his total marks

or

provided that the deficiency of marks is not more than 2 marks. If his total marks amount to not less than 200

Do.	do.	3	"	Do. 250
Do.	do	4	"	Do. 300
Do.	do.	5	"	Do. 350

and so on

or

(b) *in two subjects only*—

will be declared eligible for admission provided that the deficiency is not more than 1 mark in one subject and 1 mark in the other subject. If his total marks amount to not less than 250

"	1 mark and 2 marks	Do.	300
"	2 marks and 2 marks	Do.	350

For the purpose of this rule, in calculating the total marks gained, the higher mark obtained in each subject will be selected, whether examination mark or moderated mark, and in calculating the deficiency of marks the smallest deficiency will be selected after application of both alternatives in rules 1 and 2 and after applying rules 3, 5 and 4.

In the case of a secondary school-leaving certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and *one* other subject only under Group C, the total marks required under this rule will be reduced by one-fifth, provided always that in the case of such certificate-holder no total number of marks will be allowed to compensate for deficiency of marks in the language so taken under Group C.

In the case of a certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and *two* other subjects under Group C, the total marks required under this rule will not be reduced (this marks in each of the five subjects being taken into account), and compensation for the deficiency of marks will be admissible under this rule irrespective of subject.

2. The moderation of the marks obtained by a holder of a secondary school-leaving certificate for the purpose of the above rules will be effected as follows :—

The individual mark gained by him for the last year at school in each subject will be multiplied by the average mark for the school at the Public Examination and the result divided by the average mark at school of the candidates from the school actually appearing for the Public Examination. The figure thus obtained will be added to the individual mark gained by him at the Public Examination and the total will then be divided by two to obtain the final moderated mark.

3. In the case of certificates issued under the authority of Native States in the territorial jurisdiction of the University, similar standards for admission will be applied.

V. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A, and in two subjects of Group C. He must again appear at the Public Examination at the close of this supplementary course and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the penultimate examinations. Also in the case of a candidate who, after undergoing a supplementary course and examination, has failed again to qualify for admission to University courses of study and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the penultimate examinations.

VI. Hereafter candidates for admission to colleges, whose last appearance at the Public Examination was in 1918 or earlier, must submit their certificates to the office for inspection not later than the 30th April 1924. Every such certificate will be judged by examination marks alone according to the rules in force for certificates completed in the year in which it is submitted for inspection except that the best performance in each subject in any year will be taken into consideration.

VII. Notwithstanding anything contained in the foregoing rules, the Principals of Colleges for Women will be permitted to make admissions at their discretion of female holders of secondary school-leaving certificates whether or not the names of such holders of certificates are included in the published list of certificate holders eligible for admission to University courses of study. Certificate-holders so admitted to Colleges for Women will be registered as matriculates under Regulation 1 of Chapter XVI.

VIII. The lists published annually in the *Fort St. George Gazette* will contain the names of all certificate holders found to be eligible for admission to University courses of study in consonance or affiliated colleges, other than Colleges for Women, under the rules and directions issued from time to time. It is, however, to be clearly understood that inclusion in the list confers on no certificate-holder the right of admission to any constituent or affiliated college. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may select and are moreover required strictly to confine admission to such eligible certificate-holders as, judged by their certificates, may be expected to profit by the particular courses of study upon which they propose to enter in the college selected.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

No. 8.—The following notification is issued in supersession of Notification No. 2, dated 30th January 1923, published in the *Fort St. George Gazette*, Part II, dated 6th February 1923:—

In exercise of the power conferred on him under section 4 (*g*) of the Madras Abkari Act, 1886, the Commissioner of Salt, Abkari and Separate Revenue, hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licences on fixed fees for the compounding, blending, bottling and sale of potable foreign liquors, locally-made foreign liquors and cocoanut toddy arrack from and after the 1st April 1924 within the limits of the Madras Presidency:—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain rectified spirits imported or locally made and on which the tariff rate of duty has been paid; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but excludes locally-made foreign liquor, denatured spirits, cocoanut toddy arrack and ordinary arrack. In the case of licences to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term 'foreign liquor' means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty.

'Locally-made foreign liquor' is spirit manufactured or compounded in British India and made in colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries. It is excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

'Cocoanut toddy arrack' is spirit manufactured from toddy at the Chowghat distillery in Malabar and excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

NOTE.—The minimum strengths at which imported and locally-made foreign spirits can be sold are 65° U.P. for gin, 35° U.P. for Colombo arrack and cocoanut toddy arrack and 25° U.P. for all other kinds of spirits including Italian arrack, except denatured spirits.

'Indian' beer is beer brewed in India (*a*) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (*b*) which is brewed at a higher original gravity than 1,036° on a standard saccharometer and (*c*) the maximum price of which at the brewery is Rs. 40-0-0* per hogshead *plus* the excise duty in force at the time of issue.

2. Licences for the sale of foreign liquors, locally-made foreign liquors and cocoanut toddy arrack shall be of the following descriptions:—

I. *Wholesale licences for the sale of foreign liquor, locally-made foreign liquor and cocoanut toddy arrack not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 250 at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this licence will not be allowed to sell 'Indian' beer. Holders of this licence are prohibited from selling cocoanut toddy arrack in bulk to private persons in Malabar district and are permitted to sell it to such persons only in bottles, sealed and labelled in accordance with the bottling rules.

II. *Retail licences for the sale of foreign liquor, locally-made foreign liquor and cocoanut toddy arrack not to be drunk on the premises.*—These will be of two kinds—one for the sale of all kinds of foreign liquor, except 'Indian' beer and of locally made foreign liquor and cocoanut toddy arrack and the other for the sale of beer brewed in India.

†(*a*) The former will be issued at the discretion of the Commissioner and Collectors on payment of an annual fee of Rs. 1,000 in the Nilgiris except Gudalur, Rs. 500 in the town of Madras, Rs. 250 in towns having a population of 25,000 and over and in Kodaikanal, Yercaud and Cochin, and Rs. 150 in the rest of the Presidency. Under these licences the sale of liquor in a quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(*b*) Retail licences for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *Hotel licences for the supply of residents in hotels and boarding houses.*—These will be of two classes and subject to a payment of an annual fee of Rs. 250 or Rs. 150 in Madras, of Rs. 100 or Rs. 50 on the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licences otherwise than to residents in hotels and boarding-houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

* The maximum price of Indian beer at the Bangalore brewery will be Rs. 36 per hogshead (excluding duty) and the supply will be restricted to shops which have obtained beer from that brewery during 1922-23.

† NOTE.—In places where there are beer shops, holders of retail licences for the sale of all kinds of foreign liquor except Indian beer will be permitted to sell beer brewed in India or English primings only in bottles or bulked at the brewery at which it was brewed.

In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a bar or bars may, on payment of a monthly fee of Rs. 100 for a first-class bar or Rs. 50 for a second-class bar, be granted a separate licence to be called a bar licence. This will cover the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack under the same conditions and to the same extent as the tavern licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Commissioner. The fees in such cases will be fixed by the Commissioner and the licensee will entitle the holders to sell to all comers.

IV. *Refreshment-room licences* will be of two classes—

(a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dâk carriages for the supply on the premises of travellers by such railways or dâk lines.*—The annual fee payable for each licence will be fixed by the Commissioner from time to time. Under these licences liquor may be sold to *bona fide* travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such traveller for removal from the premises.

(b) *For refreshment-rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Ootacamund and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *Occasional licences*, such as licences for the sale at refreshment stalls in connexion with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI. *Special licences* will also be granted by Collectors in consultation with the officers of the Salt, Abkari and Customs Department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII. *Auctioneers' licences*.—Annual fee, Rs. 5. The following are important provisions of this licence:—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates or of trade consignments which are sullaged or otherwise unmerchantable.

(c) Authority to sell by auction at places other than that specified in the licence, viz., at any private residence at which the licensee may hold an auction.

VIII. *Licences for the sale of pure rectified spirits.*—These will be issued to chemists and druggists and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licences the possession of pure rectified spirits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Salt, Abkari and Customs Department, specially authorize) is prohibited. Pure rectified spirits must not be sold under these licences for other than *bonâ fide* medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reputed pint in the case of sale to a private individual, two reputed quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local Fund or Municipal hospital.

IX. *Licences for the sale of medicated wines and similar preparations* containing 20 per cent and upwards but not more than 42 per cent of proof spirit will be issued by Collectors on payment of an annual fee of Rs. 10.

2. *Licences for compounding or blending foreign liquors and locally-made foreign liquors* will be granted to holders of wholesale licences by Collectors and licences for *compounding* to licensed distillers by the Assistant Commissioner of Distilleries on payment of an annual fee of Rs. 250.

4. *Licences for the bottling of foreign liquors, except beer brewed locally and of locally-made foreign liquors and coconut toddy arrack*, will be granted to holders of wholesale licences by Collectors and to licensed distillers by the Assistant Commissioner of Distilleries on payment of an annual fee of Rs. 50.

5. Any two or more of the above kinds of licences may be granted to the same person for the sale of liquor in the same premises.

6. No premises shall be used for the sale of liquor unless and until approved by the Collector.

7. All licensees shall maintain and furnish to Collectors statistics showing separately the consumption of imported foreign liquors and locally-made spirits and beers and coconut toddy arrack.

8. All licences (other than occasional and special licences) will have effect for the official year, *i.e.*, from the 1st April in each year until the 31st March of the following year.

9. The fixed fees exceeding Rs. 50 on all licences (other than special and occasional licences), will be payable in two instalments, one-half being payable when the licence is issued and the other half at the beginning of the second half-year, viz., 1st October.

10. For the convenience of the trade, Collectors will, so far as possible, receive and dispose of applications for licences under clause IV (*b*) to have effect during the following official year before the tavern sales for that year. Licences for the sale of liquor in mufassal refreshment-rooms should be very sparingly given.

11. All further information may be obtained and forms of licences may be procured at a charge of two annas each at the offices of Collectors.

The Collector of Malabar will notify separately the special conditions under which licences for the sale of arrack in the Attapadi valley will be granted on payment of fixed fees.

The districts in which independent arrack shops, foreign liquor taverns, beer shops and ganja and opium shops, respectively, will be sold are specified below :—

From 1st April 1924.

Arrack, ganja and opium shops.	Foreign liquor taverns.	Beer shops.
In all districts ..	In the districts of Godavari, Kistna, Guntur, Bellary, Madras, Chingleput, South Arcot, Tanjore, Madura and Malabar.	In the districts of Nellore, Bellary, Chingleput, North Arcot, South Arcot, Tanjore, Trichinopoly, Madura, Coimbatore, The Nilgiris, Salem and Malabar.

Licences for the sale of foreign liquor which are granted on payment of fixed fees are dealt with in a separate notification.

Conditions of Auction Sale.

I. Any person desiring to bid must deposit Rs. 20 with the selling officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs 10 when necessary. In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power of attorney from him. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

NOTE.—In Madras City the deposit must be paid into the taluk treasury and the challan for such payment produced before the selling officer. Deposits will be returned under the orders of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the challan at the taluk office.

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of licence or of a contract under the Abkari / Opium Act as to render him undesirable as a holder of a licence; or (2) that he is insolvent or in arrears to Government; or (3) that his bid is purely speculative; or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village; or (5) that he is a contract supplier of country spirits for the contract area within which the shop is situated; or (6) that he is a brewer bidding for beer shops; or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason.

III. The reserve price placed on each shop will not be published but the average annual rental during the previous five years will be notified by Collectors, wherever possible for the information of bidders. The selling officer will fix the upset price of each shop

IV The shops will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion If the selling officer before the close of the sale rejects under condition II the highest bid for any shop he may at his discretion either accept the next highest bid or resell the shop. In case of dispute the selling officer's decision will be final.

VI. Every person whose bid is provisionally accepted shall—

(*a*) at once if so required by the selling officer or otherwise at the close of the day's sale deposit (in addition to the deposit made under clause I) half a month's rent for each shop knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(*b*) at once apply in writing for a licence for each shop knocked down to him, and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop;

(*c*) within fifteen days from the date of sale,

(i) if the Tahsildar is satisfied that he can be trusted to pay his rent punctually and fully, deposit such further sum as with the deposits already made will make up two months' rent of all shops knocked down to him; or

(ii) otherwise deposit such further sum as with the deposits already made will make up four months' rent of all shops knocked down to him or produce a surety or sureties, approved by the Tahsildar, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the licences for those shops and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said licences by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof by the surety or sureties or by the purchaser. The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser; he shall also be bound to execute a counterpart agreement.

VII. Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid

VIII. At the close of the day's sale the selling officer will notify the date on which resales, if any are found necessary, will be held; when the list of shops to be resold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX. The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Commissioner for special reasons.

X. On the failure of any person to make a deposit or apply for a licence under condition VI or to comply with any requisition or to execute any engagement under condition VI, the deposits already made may be forfeited and the shop may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should however the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any shop or option privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence.

XII. The deposits under condition VI (*c*) may be made either in cash or in recognised Government, Port Trust, Municipal or Local Board Securities, or by depositing Postal savings bank pass-books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as in the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover also deposits made in cash under conditions I and VI (*a*) which have not been refunded as well as deposits due under condition VI (*c*), the deposits made in cash may be returned to the depositors. The securities or savings bank pass-books deposited must be endorsed in the name of the Collector and Government promissory-notes must be enfaced for payment of interest at the treasuries at which they are deposited, if so required. In

the case of Co-operative Bank deposit certificates the deposits must be made in the name of the Collector of the district, the contractor must agree in writing that he undertakes the risks, if any, involved in the investment and the banks must certify on the deposit certificate granted that the deposit is withdrawable on the Collector's demand.

XIII. Deposits in cash will be adjusted towards the instalments of kists due in the last months of the period of the lease. Deposits of securities or savings bank pass-books or Co-operative Bank deposit certificates will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the licence or of the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In cases of default under condition X of the conditions of auction sale or under condition 37 of the general conditions applicable to all abkari and opium licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

Conditions of Issue of Licences for Wholesale Vend of Arrack.

XIV. Applications for the privilege of wholesale vend of country spirits should reach the Collectors concerned on or before the 1st March 1924 and should be accompanied by a fee of Rs. 15 which will be returned to those persons whose applications for licences are not approved. The grant of licences confers no exclusive privilege, and it will be open to the Collector to grant licences under like conditions to other persons at any time during the currency of the licences for which applications are now invited. Licences will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the district to the opening of their depots and deposited such amounts as may be required by the Collector as security for the proper fulfilment of the conditions of the licence. If such depots are not worked to the satisfaction of the Collector, they may be closed at any time. Wholesale depot licences will not be granted to persons having interest in retail shops.

The licences issued under the above clauses will contain the following general conditions common to all abkari and opium licences and the special conditions prescribed below for any particular kind of licences:—

General Conditions applicable to all Abkari and Opium Licences.

1. Shops and depots must be opened by the dates fixed by the Collectors and must be kept open every day unless their temporary or permanent closure is authorized under condition 10, 11 or 41 *infra*.

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector, provided the site selected is approved of by the Revenue and Police authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside these limits is prohibited.

3. Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for the sale depot or shop. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 or over, there shall be no possible means of ingress or egress in any direction except into the main street; if there are other doors they shall be kept locked under the seal of an officer of the Sale, Abkari and Customs Department; the interior of the shop shall be sufficiently lighted by day and the whole interior visible from the front door; the shop shall not be used as a place of residence save by the vendor and his family or caretakers. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night.

4. Except when two or more foreign liquor licences are held by one person or in the case of licences held by chemists and druggists and medical practitioners, sales under different licences must be conducted in different premises.

5. Private bars in liquor shops may be allowed by the Collector under a special licence to be granted by him free of fee; provided that the interior of the bar is wholly visible from the doorway, and that the entrance to it is either through the main door of the shop or through a separate door provided with a proper sign to show the nature of the bar.

6. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licencee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and in the case of taverns and wholesale depots in English also. The licence must be hung up in a conspicuous place within the depot or shop.

7. The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the licence relates or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding licence is prohibited.

8. Such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained in depots and shops.

9. No arrack shop, foreign liquor tavern or beer shop shall be opened before 8-30 a.m. and no other shop or depot shall be opened before sunrise.

10. (a) No depot or shop shall be kept open after 8 p.m. except under special authority. Collectors may at their discretion order the closure of any depot at sunset and may on the report of the Police or for other sufficient reasons order the closure of any shop at an earlier hour if they consider such a course to be advisable in the interests of the public. The Board may for sufficient reasons order the general closure of any kind or kinds or all kinds of licensed premises at any earlier hour than 8 p.m.

(b) With the previous sanction of the Commissioner, Collectors are authorised to notify at the time of the auction that specified shops will be closed on the occasion of specified festivals, and that the hours of sale at specified shops which are in the neighbourhood of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the licence, if it is found that the above privileges are misused. Discretion is allowed to Collectors to order the closure of specified shops in the neighbourhood of factories, mills and other places where large numbers of operatives assemble, from 11-30 a.m. to 1-30 p.m. on weekdays, on the occasion of pay days and at all hours on Sundays except between 11-30 a.m. and 1 p.m. A general condition enabling these restrictions or liabilities will be inserted by the Collector in the licences granted to the renters of all such shops.

11. Depots and shops must be closed, if the Collector so orders, while a regiment or detachment of soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also temporarily to close any shops in times of religious excitement or disturbance. Every depot and shopkeeper shall close his depot or shop when a riot or disturbance occurs or appears likely to occur in the neighbourhood.

12. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to liquor, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose. This prohibition, however, does not apply to the compounding or blending of liquor or to the manufacture of intoxicating drugs from hemp drugs and opium in accordance with the terms of a licence. Liquor shall not be bottled except under a bottling licence. Nor shall different kinds of liquors be mixed and sold under the designation of one of them.

13. No woman shall be employed in any abkari or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Collector unless she be a member of the renter's family.

14. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 18 or by persons suffering from leprosy or any contagious disease and the employment in any capacity of such persons in shops or depots licensed for the sale of the same are prohibited. No persons who have been convicted under the Indian Penal Code shall be employed in the transport or sale of liquor, opium or intoxicating drugs without the Collector's previous permission. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in any depot or shop and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the licence—

(1) to sailors of the Royal Navy, soldiers and members of their families; or
(2) to any other person living in barracks;

(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, i.e., any class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;
(2) to Policemen, Excise officers and Railway servants when on duty; or

(c) in any circumstances to any—
(1) European vagrant under escort of the Police;
(2) child or young person under eighteen years of age;
(3) insane person;
(4) person known or believed to be intoxicated; or
(5) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime.

Note.—The restrictions in (a) and (b) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

16. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

17. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

18. No liquor, opium or intoxicating drug in excess of the quantities prescribed for possession without a licence as specified below shall be issued to any person at any one time from any licensed

19. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkari and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct.

20. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

21. No rubbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

22. No person shall be harboured in any depot or shop during the night.

Unless special permission is given to the contrary, separate accounts shall be kept for the transactions under each licence. The accounts shall be in printed books which may be obtained from local Revenue officers on payment of cost price. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed in support of the accounts. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the licence and shall be produced when called for by an officer not below the rank of an Assistant Inspector of the Salt, Abkari and Customs Department.

24. Except in the case of fixed fee licences, the amount for which the privilege of sale has been purchased shall be payable in advance in twelve equal monthly instalments ('kists') into a Government treasury on or before the 1st of each month beginning with April or October as the case may be. Interest will be levied on any amounts not so paid and after the 25th of the month in Madras town or the 20th of the month elsewhere shops are liable to be sold for failure to pay kists. Toddy shops may also be resold for failure to pay tree-tax. Fees for depot licences must be prepaid.

25. No remission or abatement of the rent shall be claimable on any account whatever.

26. Power is reserved to Revenue officers to suspend licences in case of failure of payment of kists or of tree-tax on the due date. In the case of arrack, toddy, ganja and beer shops and taverns, this power will be exercised by Tahsildars or Deputy Tahsildars in independent charge, in the case of opium shops by Divisional Officers and in other cases by Collectors. In the event of suspension of a licence for failure to pay arrears, the privilege of sale will be resold with effect from the date of issue of the licence to the new purchaser, or otherwise disposed of as the Collector's discretion. Disposal of the privilege of sale otherwise than by resale includes also closure of the shop or tavern. All losses on account of suspension and resale or other disposal of the privilege shall be borne by the defaulting licensee, and shall become due immediately on resale or other disposal of the shop; but the defaulting licensee shall have no right to any gain which may accrue. The whole of the deposit, if any, made by the licensee shall be liable to forfeiture. The officer who has power to suspend the licence may at his discretion allow sales to continue pending resale or other disposal of the privilege.

27. No privilege of supply or vend shall be sold, transferred or sub-leased without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

28 (a) No abkari or opium licensee in an Indian State or Foreign territory will be allowed to have any interest in a licence for the same article in British territory without the special permission of the Collector.

(b) No abkari or opium licensee in any area in British territory may have any interest in or hold a licence for the same article in any other area in British territory in which a different rate of duty is in force, without the special permission of the Collector for which the party concerned must apply without delay. Breach of this condition will render the party liable to the penalties prescribed by condition 37 in respect of all or any of the licences held.

29. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licences.

30. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, transport or sale of liquor, opium or

intoxicating drugs, committing breaches of the Abkari/Opium laws and to comply with the Divisional Officer's orders respecting the continued employment of such persons.

31. Pecuniary dealings by licensees of any kind whatever with officials of the Land Revenue and the Salt, Abkari and Customs Departments are absolutely prohibited.

32. With the sanction of the Board of Revenue, any licence shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

33. All licensees shall be bound by any additional general rules that may be prescribed under the Abkari/Opium laws and shall, if so required by the Collector or any officer authorized by him, deliver up their licences for endorsement or for the issue of fresh ones.

34 The officers authorized to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and

(2) any officer of the Salt, Abkari and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test the weights, measures, liquor, opium and intoxicating drugs in the possession of the licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

35. All officers authorized to inspect depots and shops are authorized to detain any liquor, opium or intoxicating drugs found unfit for consumption or sale or which they may believe to have been tampered with in any of the ways referred to in condition 12 and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkari and Customs Department are empowered to confiscate, or destroy such liquor, opium or intoxicating drugs.

36. An inspection note-book, with pages numbered consecutively, shall be maintained for the use of inspecting officers and shall be handed over to the Inspector of the circle or to any officer authorized by him to receive it on a receipt being given therefor.

37. An infraction of any of the conditions of the licence either by a licensee or by any person in his employment will render the licensee liable to—

Either (*a*) fine up to Rs. 50 ;

or (*b*) cancellation of licence and resale or other disposal of the privilege at the risk of the licensee and, if considered necessary by the Collector, forfeiture of deposits ;

or (*c*) prosecution of the licensee or his agent for the specific offence committed.

The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

NOTE.—For continuing breaches of a license, continuous fine may be imposed.

38. Any licence may be forfeited and the privilege be resold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Abkari/Opium Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it, or if it is brought to the notice of the Collector that the licensee has been convicted prior to the issue of a licence to him before a Magistrate of any of such offences.

39. Any sum due by a licensee may be adjusted from the deposit, if any, made by him or collected under the Revenue Recovery Act as an arrear of land revenue. The licensee shall be bound to replace any sum adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar or Deputy Tahsildar to independent charge.

40. Interest on all moneys due shall be payable at the rate of 6 per cent per annum.

41. Collectors may at the commencement of the lease order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Commissioner in his discretion. But no new shops should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Commissioner. A Tahsildar may at any time permit or order the transfer of a shop within the limits notified for the shop in the sale notice.

42. The right is reserved to the Collector to grant 'occasional licenses' for the sale of liquor, opium and intoxicating drugs on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality. The licences shall run only for such period not exceeding ten days as they are actually required. Not more than one licence shall be issued for a fair or festival without the sanction of the Board.

The fees to be paid for the licences shall be fixed at the discretion of the Collector.

Conditions applicable to Arrack Licences.

1. The privilege extends only to the sale of country spirits of the prescribed strength. These are 34° under-proof and 50° under-proof except in the tracts in the South Arcot district bordering

II—Special conditions applicable to Arrack Wholesale Depot Licences.

1. Each cask in a depot shall have its capacity legibly cut, branded or painted on it. The licensee will be responsible for the correctness of such marks. The contents of casks of 50 gallons and upwards must be marked to the nearest half gallon, those of smaller ones to the nearest quarter gallon.

2. In the following cases no consignments of spirits received at depots from distilleries and warehouses and, in the case of (*b*), from other depots shall be opened before they have been gauged and proved by an authorized Government officer:—

(*a*) In case of issues from the Vizagapatam distillery to depots in the Ganapur Agency;

(*b*) In case of issues from one part of British territory to another which must pass through Indian States or Foreign Settlements.

(*c*) In case of issues from the Nellikuppam distillery to the low duty tracts of the South Arcot district.

(*d*) In case of issues from the Beswada warehouse to the Munagala and Jaggayya zamindaris of the Kistna district.

(*e*) In case of issues from the Samalkot distillery to depots in the Godavari Agency tracts.

In all other cases the depotkeepers are required to verify the consignments on receipt and carefully enter the result of the verification in their accounts; they may if they so desire postpone the gauging and proving till a cask is opened for issues in which case they are responsible for the contents as given in the distillery or warehouse permits. All casks received in a leaky or suspicious condition must be verified immediately on arrival at the depots.

3. No consignments of spirits which have to be transported through Indian States or Foreign Settlements shall be issued without their being sealed by authorized officers.

4. Each depot must be furnished with a hydrometer of such pattern as may be prescribed by the Commissioner of Salt, Abkari and Separate Revenue, a thermometer and a bung-rod. Bung-rods, and, if required, hydrometers and thermometers also will be supplied by the department on payment of the cost.

5. Wholesale depotkeepers shall obtain their supplies of liquor only from the distillery or warehouse established by the contract supplier in the contract area or from other wholesale depots in the same area, as shown in column 2 of the table in condition 2 of the conditions applicable to arrack licences.

6. Spirits shall be sold only to licensed vendors in the district. But wholesale depotkeepers in taluks, where a lower rate of cost price is in force, shall not sell liquor to licensed vendors in the other taluks of the district, where a higher rate of cost price is in force.

7. Wholesale depotkeepers shall send letters of advice once at the end of every fortnight to the Sub-Inspector of the range in which the shop is situated, whenever a consignment is issued to a shop in a different range from the depot. Letters of advice relating to shops in the same range as the depot shall invariably be written up by the depotkeeper at the time of writing the permit and either sent to the Sub-Inspector or handed over to him when he next inspects the depot.

8. A wastage allowance up to 2 per cent on the quantity advised in each cask received at the depot will be allowed to wholesale depotkeepers who should submit to the Inspector of the circle in which the depot is situated a statement showing (i) the number of the cask received at the depot, (ii) the quantity advised in each cask, (iii) the quantity contained and (iv) the wastage ascertained in each case. The statement should be submitted not later than the 5th of the month following that to which it relates. All cases of wastage in excess of the 2 per cent limit will be dealt with by Collectors, at their discretion, by a fine not exceeding double the duty payable on the excess wastage. If the casks have passed through areas in which different duties are in force, the fine may be calculated on the highest duty prevailing in any of such areas. Only one cask should be kept open at a time for issue. Depotkeepers should show clearly in their account books the cask from which each consignment or part of a consignment is issued.

9. Depotkeepers are required to seal at their own cost all consignments of liquor issued to shops. Collectors may require that a portion of each supply from a depot to a shop shall be in sealed bottles. The depotkeepers shall use a private seal, an impression of which shall be made not only on the jars or other receptacles in which liquor is issued, but also on the permits issued with the consignments. All depotkeepers will be required at the beginning of the year to furnish the Inspector of the circle within which their depot is situated with two clear impressions of the seal to be used and will not be permitted to change the seal during the year.

The contractors shall not be entitled to refuse to supply coconut toddy arrack except on the ground of want of stock. The liquor must be kept in receptacles labelled "Spirit manufactured in Malabar." 2. The privilege conferred extends only to the sale of ganja, bhang and other intoxicating drugs prepared from the hemp plant.

3. The licensee must obtain his supplies of ganja and bhang from the storehouses at Vizagapatam and Santavasal or from other shops within the same district as the shop. The Collector may, however, at any time require any licensee to obtain his supplies from any one specified source.

4. During the closing month of the lease (March) no licensee shall apply for more ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for ganja in March to the Storehouse Officer or to any ganja shopkeeper shall be sent through the Inspector of the circle in which the shop is situated who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

5. Owners of stocks at the Santavasal storehouse, so long as they have stock in hand, are bound by a condition of their license to supply ganja to licensed vendors on payment, in legal tender, of the value thereof at a rate not exceeding Rs. 1-8-0 per seer of 80 tolas or such other maximum as may be fixed either generally or with reference to any particular case. 7. No consignment of intoxicating drugs obtained from a Government storehouse shall be opened before it has been verified and passed by an authorized Government officer. Infraction of this provision will subject the licensee to a fine which may extend up to Rs. 200.

8. No licensee shall keep any greater quantity of ganja, bhang and other intoxicating drugs prepared from the hemp plant than may be fixed by the Collector. The Commissioner may, at any time, during the currency of the lease, if it finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the licensee.

9. Licensees are prohibited from breaking up the pressed ganja kept for sale in their shops except in small quantities not exceeding the average daily sales in their shops. Other drugs may be manufactured from ganja and bhang in shops and sold to other licensees under these rules.

10. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds, if separated from the stock, as well as any part of the stock which the licensee desires to destroy, should be carefully preserved for examination and destruction by an inspecting officer.

11. No licensed cultivator or licensed stockholder shall hold any interest in any retail shop.

3. The price of opium at taluk cutcherries will be Rs. 70 per full seer cake and Rs. 35 per half seer cake.

4. The licensee shall obtain his supply of opium from such taluk cutcherry as may be ordered by the Collector in quantities of a half seer and multiples thereof on complying with the rules regulating such issues, or from other shops within the district under the special orders of the Collector. No opium other than that obtained in the manner specified above shall be sold or received or possessed by the licensee. During the closing month of the lease (March), the licensee shall not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in March will be carefully scrutinized by the officer in charge of the taluk treasury who may, at his discretion, refuse to comply with it in full, and may issue such quantity as he considers reasonable.

The Board may, at any time during the currency of the lease, if it finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the licensee.

7. If this licence is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Collector has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the licence and re-sell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a licence is cancelled under this condition.

8. The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

9. Discretion is reserved to Collectors to issue separate licenses to licensed chemists for the sale of opium and the manufacture and sale of opium preparations for medicinal purposes only.

CULTIVATION STATEMENT—APRIL TO NOVEMBER 1923.

[On an average of the five years ending 1922-23, the area reported as sown in November 1923 represents 16 per cent on dry lands, and 10 per cent on wet lands, the corresponding figures for the period April to November being 85 per cent on dry lands and 90 per cent on wet lands.]

General.—The North-East monsoon slackened in the Carnatic and the South early in November. A severe cyclone swept over the Coastal taluks of Ganjam and Vizagapatam in the third week and there was very heavy rainfall, causing damage to crops and breaching several tanks. The rainfall was also heavy in Godavari and Kistna. Water-supply was insufficient for irrigation in the Deccan and the Central districts, and in the unirrigated areas in the South. Transplantation of paddy was fairly general in the Carnatic, the Central, and the South. Other crops sown extensively in the month were cholam in Guntur, Nellore, South Arcot, Salem, Trichinopoly, Madura, and Ramnad, ragi in Cuddapah, Nellore, and Madura, cotton in the South, and tobacco in Godavari, Kistna, Guntur, and Coimbatore.

2. *Dry lands*.—The area sown in November 1923 was 6 per cent above the average and a little above last year. Sowings in the Deccan (except Cuddapah) were only about 40 per cent of last year as most of the lands had been sown in earlier months. Advantage was taken of the rains in October to sow a larger area in Coimbatore, Trichinopoly, Madura, and Ramnad in which sowings had been restricted in October and there were also large increases in the Circars, the Carnatic, and Trichinopoly. On the whole the area sown from April to November was only 2 per cent below the average and last year.

3. *Wet lands*.—The area sown in November 1923 was 30 per cent above the average and 16 per cent above last year. Heavy rains favoured increased sowings in Ganjam, the Carnatic, and Tanjore. On the whole the area sown up to the month was 5 per cent above the average and a little above the area sown in the corresponding period last year.

Reasons on retail prices for the month of November 1923.—As compared with the previous month, the average retail prices of food-grains were stationary or falling in the greater part of the Presidency. There was a rise, however, in the Deccan and Central districts, which was most marked in Bellary, Anantapur, and Salem on account of the complete failure of the North-East monsoon. In these districts the price of rice rose by over 8 per cent and of dry grains by about 10 per cent. The price of rice fell by 6 per cent in South Kanara owing to the harvest of the first paddy crop.

2. Prices of all grains were higher than in November 1922 in Ganjam and Vizagapatam. Cholam and cumbu were dearer than in November 1922 in Godavari and Guntur and so were cholam in the Deccan, and dry grains in Salem and Coimbatore. Prices were generally lower in other districts especially in the Carnatic, Chittoor, North Arcot, Trichinopoly, and Tanjore.
